Wellington Shields All-Cap Mutual Fund (WSCMX)

Wellington Shields All Cap Mutual Fund (WSCMX) has an objective of capital appreciation. The managers use a G.A.R.P. philosophy to invest in high quality companies with above market growth potential.

Earnings Growth

WSCMX owns a portfolio that in aggregate has an outlook for above market earnings growth.

Capitalization Focus

The Fund invests across the capitalization spectrum but owns a core portfolio of large and mid-cap names representing over 80% of the portfolio. The balance of the portfolio may be invested in smaller capitalization names offering the prospect of above-average growth.

Dividend and Cash Generation

While WSCMX does not have a current income objective, it targets businesses that produce free cash flow, giving flexibility to return cash to shareholders in the form of dividends and buybacks or to reinvest in their business. As a result not all holdings pay a dividend.

Sector Diversification

Sectors and industries come into and out of favor in an unpredictable manner. Therefore we maintain exposure to quality companies in all major sectors* of the S&P 500, targeting sector weights of no more than double, and no less than half of the major sectors of the S&P 500.

Risk Control

WSCMX targets initial positions weightings of approximately 3.3%. If a position decreases 15% in value from its original cost, it is reviewed by the investment committee. If a position appreciates to 7.5% of the portfolio, the investment committee evaluates taking profits.

The Fund may hold up to 20% of its assets in cash.

* We define major sectors as the seven largest of the eleven S&P sectors.

¹ Wellington Shields Capital Management, LLC (the "Advisor") has entered into a contractual agreement with the Fund under which it has agreed to waive or reduce its fees and to assume other expenses of the All-Cap Fund, if necessary, in an amount that limits "Total Annual Fund Operating Expenses" (exclusive of interest, taxes, brokerage fees and commissions, other expenditures that are capitalized in accordance with generally accepted accounting principles, Acquired Fund Fees and Expenses, other extraordinary expenses not incurred in the ordinary course of the Fund's business, interest and dividend expense on securities sold short, and amounts, if any, payable pursuant to a plan adopted in accordance with Rule 12b-1 under the 1940 Act) to not more than 1.15% subject to the Advisor's right to recoup payments on a rolling three-year basis so long as the payments would not exceed the 1.15% expense cap. Each waiver or reimbursement of an expense by the Advisor is subject to repayment by the Fund within three fiscal years following the fiscal year in which the expense was incurred, provided the Fund is able to make the repayment without exceeding the expense limitation in place at the time of the waiver or reimbursement and at the time the waiver or reimbursement is recouped. The contractual agreement cannot be terminated prior to March 31, 2018 without the Trust's Board of Trustees' approval.
